

## **REMARKS**

The specification is amended above to insert a reference to related cases.

The specification is amended at page 80 to correct an obvious typographical error. The corrected name for the compound can be found from the chemical structural formula for compound 36.

The specification is amended at page 96 to correct an obvious typographical error in the chemical structure. The proper chemical structure can be found from the named reference example compounds corresponding to table 13 on page 95.

No amendment of inventorship is necessitated by these amendments.

Early allowance of the claims is requested. Should the Examiner believe that a conference with applicants' attorney would advance prosecution of this application, he is respectfully invited to call applicants' attorney.

Respectfully submitted,

---
